

- c. Any additional and important features you would like to have in the new system to help the production?

That we can add to the system if any material is finished, or when i took enough for current order.
Handy for driver other shift.

2. Would you like the new system to support multiple languages (English, Dutch etc..)

English + Dutch.

3. What device do you prefer to have the new system available on?

Desktop

Mobile

Tablet

☐☒☐

4. Should all the information be visible on screen or can some of it be hidden until needed? (e.g. notes during production, drawing details etc..)

For driver it is important that he can see the locations, the amount and the sizes he need, where stock will be from some pallet.
